

**GOLD STANDARD STAKEHOLDER FEEDBACK ROUND
FOR AFRICAN BIOGAS CARBON PROJECT ACTIVITY IN TANZANIA**

Dear Sir/Madam,

SimGas would like to take this opportunity to invite you to participate in the Stakeholder Feedback Round of the African Biogas Carbon Programme, which is currently being developed as an emission reduction project, also known as a 'Programme of Activities'. The fifth project activity to be included under this Programme of Activities is the "African Biogas Carbon Programme (ABC) – Tanzania – SimGas – VPA005", implemented by SimGas Tanzania Ltd.

As part of the carbon certification process overseen by the Gold Standard Foundation, stakeholders are presented with the opportunity to provide feedback on the project's design through a stakeholder feedback round.

The overall objective of this project (VPA005) is to contribute to the achievement of the Sustainable Development Goals (MDGs) through the dissemination of domestic biogas systems as a local, sustainable energy source, and the development of a commercially viable, market-oriented biogas sector in Tanzania.

VPA005 will stimulate the installation of domestic biogas systems of 4 to 16 m³ capacities, with increments of 1 m³. VPA005 is designed as a so-called Small Scale Project Activity and can cover up to approximately 26,000 biogas digesters installed by SimGas Tanzania, from 18/07/2015 onwards.

SimGas would hereby like to share with you the following documentation, for your perusal:

- a) The Project Design Document for the fifth Project Activity;
- b) The Gold Standard Passport

The documents can be accessed online on: www.simgas.com/newsandoffers. We invite you to express any concerns and suggestions that you may have about the programme so that we may improve the design of our project.

If you prefer to receive electronic copies of these files through email as an attachment, please do let us know. Furthermore, hardcopies of these files are also available in the SimGas Tanzania office at Rivergardens, Usa River, Arumeru Region, Tanzania. This consultation round is open for a period of two months, meaning that we will wait for your feedback until **7 December 2016**. Feedback can be provided via either email or telephone:

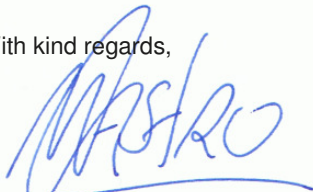

- Email address: info@simgas.org
- Telephone: +255 658 746 427

Please do call or email us in case you have any further questions on this Feedback Round.

We also would like to draw your attention that in case of grievances you may also contact directly the Gold Standard Foundation in Switzerland through info@goldstandard.org or +41 (0) 22 788 7080. The identification code of the Tanzania VPA is GS5124. This channel is not restricted to the two-month period. You are always welcomed to report grievances or any other feedback to either SimGas or The Gold Standard Foundation.

We appreciate your valued feedback.

With kind regards,

Mirik Castro
CEO SimGas Tanzania Ltd.

7 October 2016
